LUZMO

Roadmap

2025 Pillars

Building data products

Go beyond dashboards to build any analytics UI. Combine the simplicity of our Luzmo's editor with the flexibility of our embeddable components and APIs.

AI

Advance Luzmo IQ as the leading edge of AI-powered analytics, while further integrating AI across all our products and APIs.

Success at scale

Provide large organizations with the tools and processes to work with our platform at scale.

Adjust budget Pause

Age 18-20

22%

What are my best-selling products?

The total revenue generated shows that "Electronics" leads with 38%, followed by "Books" with 18,5%.
